14 Case No. 14-

15 (Joint Administration Requested)

16 Chapter 15

17 VERIS GOLD CORP.,¹

18 Debtors in a Foreign Proceeding.

19 **DECLARATION OF SHAUN HEINRICHIS
 20 IN SUPPORT OF VERIFIED PETITION
 21 FOR RECOGNITION AND CHAPTER 15
 22 RELIEF**

23 I, Shaun Heinrichs, pursuant to 28 U.S.C. § 1746, hereby declare under penalty of perjury under
 24 the laws of the United States of America as follows:

25 1. I am over the age of 18 and, unless otherwise indicated, all facts set forth in this
 26 Declaration are based on: (a) my personal knowledge; (b) my review of relevant documents; or (c) my
 27 opinion based upon my experience and knowledge of the operations of each of the above-captioned

28 ¹ The Debtors, along with the last four digits of each U.S. Debtors' federal tax identification number, if any, are: Veris Gold Corp. (a non-U.S. Debtor that does not maintain a U.S. federal tax identification number), Queenstake Resources Ltd. (a non-U.S. Debtor that does not maintain a U.S. federal tax identification number), Ketza River Holdings Ltd. (a non-U.S. Debtor that does not maintain a U.S. federal tax identification number), and Veris Gold U.S.A., Inc. (6862). The location of the Debtors' corporate headquarters and the service address for all of the Debtors is: 900-688 West Hastings Street, Vancouver BC V6B 1P1, Canada, Attn: Shaun Heinrichs.

1 debtors (the “Debtors” or the “Veris Gold Group”). If called to testify, I could testify competently to the
 2 facts set forth herein.

3 2. I am the Chief Financial Officer of Veris Gold Corp. (“VGC”) and the other Debtors. I
 4 have been the Chief Financial Officer of the Debtors since 2008. As Chief Executive Officer, I have
 5 extensive knowledge of the structure, operations, and finances of VGC, and each of its global
 6 subsidiaries (collectively, “Veris”).

7 3. Ernst & Young, Inc. (“E&Y,” the “Foreign Representative”) is duly authorized to act as
 8 foreign representative of the Debtors, whose reorganization proceedings (the “Canadian Proceeding”)
 9 under Canada’s *Companies’ Creditors Arrangement Act*, R.S.C. 1985, c. C-36, as amended (the
 10 “CCAA”) currently are pending before the Supreme Court of British Columbia, Canada, Judicial
 11 District of Vancouver (the “Canadian Court”).

12 4. I submit this Declaration in support of the *Petition for Recognition and Chapter 15*
 13 *Relief* (the “Petition”) as well as the *Motion for Entry of an Order Granting Provisional Relief Under*
 14 *Section 1519 of the Bankruptcy Code*, and I am authorized to submit this declaration on behalf of the
 15 Debtors. Except as otherwise indicated, all facts set forth in this declaration are based upon my personal
 16 knowledge, my opinion based upon my experience and knowledge of the Debtors’ operations and
 17 financial condition, my review of relevant documents or information supplied to me by other members
 18 of the Debtors’ management or the Debtors’ professionals. If I were called upon to testify, I could and
 19 would testify competently to the fact set forth herein.

20 **I. General Background of the Debtors**

21 5. The Debtors are a consolidated business enterprise comprising various exploration,
 22 mining, production, sales, and distribution operations in Canada and the United States. Due to several
 23 factors including the Debtors’ existing capital structure, the bid environment in the mining and metals
 24 industry, VGC’s depressed share price and the current commodity pricing environment, the Debtors
 25 need to restructure their business to emerge as a viable and successful entity going forward.

26 6. To preserve value while determining and effectuating its strategic options, on June 9,
 27 2014, Debtor VGC, and its Canadian-based and United States-based subsidiaries, commenced the
 28 Canadian Proceeding. On June 9, 2014, the Canadian Court issued an initial order staying certain

1 creditor actions, appointing E&Y as the monitor of the Debtors in the Canadian Proceeding and
 2 authorizing the Foreign Representative to apply for relief in this Court pursuant to chapter 15 of the
 3 Bankruptcy Code.

4 7. VGC, a company incorporated in British Columbia, Vancouver, is a public company
 5 which shares are traded on the Toronto Stock Exchange and the Frankfurt Exeter Exchange. VGC is the
 6 direct parent of Queenstake Resources Ltd., a company incorporated in British Columbia, Vancouver
 7 (“Queenstake”) and Ketza River Holdings Ltd., a company incorporated in the Yukon Territory
 8 (“Ketza”). Veris Gold USA, Inc. (formerly known as Queenstake Resources USA, Inc.), a company
 9 incorporated under the laws of the State of Delaware, is a wholly owned subsidiary of Queenstake
 10 (“Veris USA”).

11 8. VGC carries its business and maintains an office in the City of Vancouver, British
 12 Columbia. Head office functions for all members of the Veris Gold Group are provided from VGC’s
 13 offices in Vancouver, where corporate operations are directed and controlled. The Debtors’ banking,
 14 corporate accounting, corporate finance, shareholder relations, international relations, taxation, audit
 15 and business strategy functions are directed by and carried out by VGC in Vancouver, British
 16 Columbia.

17 9. Limited management functions, including payroll, plant and mine management for Veris
 18 USA are provided in Nevada, largely done at site with support from a small office located in Elko,
 19 Nevada. Veris USA owns and operates a gold mine which is currently in production (the “Gold
 20 Mine”). It also owns patented and unpatented land claims, a plant of approximately 35,000 square feet,
 21 equipment, real estate and other assets in the State of Nevada. The Gold Mine is located at Jerritt
 22 Canyon, in Elko County, Nevada. The Jerritt Canyon property includes several underground gold
 23 mines.

24 10. Ketza is incorporated and carries on its business in the Yukon Territory in Canada, as a
 25 gold and silver exploration company. It owns land claims and the mining property is primarily in the
 26 development and preproduction phase.

27 11. In 2013, VGC commenced gold production at the Starvation Canyon mine, the third
 28 underground gold mine located at the south end of Jerritt Canyon and announced the development of a

1 fourth underground mine, with production expected to start in 2014. Also, in 2013, VGC entered into a
 2 toll milling agreement with Newmont USA Ltd. As a result of the toll milling opportunities, the Veris
 3 Gold Group mill has excess capacity.

4 12. VGC employs 9 salaried employees and one executive in Canada. The senior
 5 management of the Debtors is located in Vancouver, Canada. In addition, Veris USA employs
 6 approximately 280 employees in Nevada

7 13. For 2013, the Veris Gold Group's gross payroll obligations – including payroll
 8 liabilities, current portion of pension and other post-employment benefits have averaged approximately
 9 USD \$7,000,000 per quarter. As of the most recent payroll, all of the Veris Gold Group's payroll
 10 obligations were paid except for approximately USD \$1,760,000 in federal tax payable in the US
 11 (approximately 6 pay periods).

12 **II. The Debtors' Capital Structure**

13 *Deutsche Bank Gold Purchase Agreements*

14 14. Veris USA entered into two Forward Gold Purchase Agreements with Deutsche Bank
 15 AG, London Branch ("Deutsche Bank"), which are guaranteed by VGC, Queenstake and Ketza. Under
 16 the Purchase Agreements, Deutsche Bank advances funds to the Debtors and, in exchange, has the right
 17 to purchase gold from the Debtors over time in the future at a discount. The amount of gold, the time
 18 frames for purchase and the discount to be applied were set out in the applicable agreement.
 19 Effectively, the funds Deutsche Bank paid were a partial advance for gold to be supplied in the future.
 20 The terms of the Purchase Agreements operated to give Deutsche Bank a fixed return, except where the
 21 price was outside of specified minimum and maximum prices.

22 15. Under the minimum pricing, if the market price of gold was the minimum price (\$850
 23 per ounce) or less, the Deutsche Bank purchase price would be \$0, and Veris Gold Group would not be
 24 required to rebate Deutsche Bank the difference between the market price of gold and the minimum
 25 price under the contract. Under the maximum pricing, the contract specified a cap amount. If the
 26 market price of gold exceeded the maximum price, Deutsche Bank would not be required to pay any
 27 amount above the maximum price to the Veris Gold Group. The minimum and maximum prices in
 28

1 each of the Purchase Agreements were outside the range of prices at which gold had traded for several
 2 years prior.

3 16. The first Forward Gold Purchase Agreement dated as of August 12, 2011 (the
 4 “August/11 Gold Purchase Agreement”) is in the amount of US \$120,000,000 and is governed by the
 5 laws of the Province of Ontario and the federal laws of Canada.

6 17. Under the August/11 Gold Purchase Agreement, Deutsche Bank effectively pre-paid
 7 \$690 per ounce for the 173,880 ounces of gold to be purchased over the life of the contract. Between
 8 September 2011 and August 2015, Deutsche Bank is to receive 4,330 ounces of gold each month. In
 9 exchange for the gold delivery, Deutsche Bank is to pay the market price, less \$850 per ounce, with the
 10 maximum price to be paid by Deutsche Bank capped at \$1,950 per ounce. The August/11 Gold
 11 Purchase Agreement also requires Veris USA to maintain a reserve account balance for the first month
 12 through the eighteenth month of the agreement in the amount of US \$10,000,000. There is currently US
 13 \$2,000,000 in the reserve account balance.

14 18. As security for the obligations under the August/11 Gold Purchase Agreement, Deutsche
 15 Bank was granted the following security package: (a) a security agreement providing for liens on all of
 16 Veris USA’s personal property wherever located; (b) a deed of trust charging Veris USA’s claim rights
 17 and all personal property; (c) the assignment of leases and rents and fixture filing granted by Veris
 18 USA; (d) the guarantees by VGC, Ketza and Queenstake secured by security agreements charging all
 19 personal property of VGC and Queenstake; and (e) a pledge of shares of Veris USA, Ketza and
 20 Queenstake. The foregoing security includes the Veris Gold Group’s mining properties and, in
 21 particular, the Veris USA properties.

22 19. Veris USA also entered into a second forward gold purchase agreement dated
 23 February 7, 2012 with Deutsche Bank (the “February/12 Gold Purchase Agreement,” with the
 24 August/11 Gold Purchase Agreement, the “Purchase Agreements”) in the amount of US \$20,000,000,
 25 which is also governed by the laws of the Province of Ontario and the federal laws of Canada. Pursuant
 26 to the February/12 Gold Purchase Agreement, Deutsche Bank received 40,000,000 warrants to purchase
 27 40,000,000 common shares of VGC at an exercise price of \$4.40 per common share. Between March
 28 2012 and September 2015, Deutsche Bank is to receive 650 ounces of gold per month. In exchange for

1 the gold delivery, Deutsche Bank is to pay the spot price, less \$850 per ounce, with the maximum
 2 market price to be paid by Deutsche Bank capped at \$1,750 per ounce. The security provided for the
 3 February/12 Gold Purchase Agreement is the same security as the one was provided in the August/11
 4 Gold Purchase Agreement.

5 General Unsecured Claims

6 20. The Debtors have also entered into (i) three convertible debentures with Whitebox
 7 Advisors for a respective amount of US \$5 million, US \$4 million and US \$2 million, (ii) a senior
 8 unsecured promissory note with 683 Capital in an approximate amount of US \$10 million, (iii) a
 9 forward gold loan with Monument Mining in an approximate amount of \$5.65 million, and (iv) a
 10 forward gold loan with Concept Capital in an approximate amount of \$17.3 million. The amount of the
 11 trade payables for the Debtors is approximately \$65 million.

12 21. Small Mine Development LLC (“Small Mine”), is the underground mine contractor for
 13 the Jerritt Canyon property and is owed approximately US \$42,000,000 of which US \$15,000,000 is
 14 over one year past due. Small Mine continues to provide services to Veris USA. Small Mine employs
 15 about 150 people on site.

16 22. As of March 31, 2014, the Debtors have total consolidated assets with a net book value
 17 of approximately US \$323,000,000, including consolidated current assets of US \$38,000,000, and
 18 consolidated non-current assets of approximately US \$285,000,000. As of March 31, 2014, the Debtors
 19 have consolidated liabilities with a net book value of approximately US \$282,000,000, including
 20 consolidated current liabilities of US \$215,000,000 and consolidated non-current assets of
 21 approximately US \$67,000,000.

22 **III. Events Giving Rise to the Debtors’ Restructuring**

23 23. The Debtors are currently facing financial difficulty because they lack adequate liquidity
 24 to satisfy their long term debt obligations. The existing payment terms to Deutsche Bank and the
 25 subordinated debt-holders have placed a significant strain on the Debtors’ free cash flow. During the
 26 last year, the Debtors’ management has pursued a wide variety of cost reduction, financing, and cash
 27 generation alternatives in an effort to address the short and long-term liquidity issues of the Debtors.
 28 The restructuring initiatives, cost reduction, financing and strategic alternatives included reducing the

1 fixed and operational costs at the Gold Mine, staff reduction, salary and wage reductions, and reduction
 2 of employee benefits. In addition, over the past year, the Debtors engaged a number of independent
 3 advisors to assist in refinancing the terms of existing debt facilities to better fund its working capital
 4 needs.

5 24. On January 28, 2014, February 6, 2014, March 6, 2014, April 4, 2014 and May 7, 2014,
 6 Deutsche Bank sent to Veris USA Notices of Defaults under the Purchase Agreements. Due to the
 7 alleged events of default under the Purchase Agreements, the Debtors accelerated plans for refinancing
 8 their capital structure through the appointment of a Special Committee comprised of two independent
 9 and one non independent director with the mandate to review all options and work with the appointed
 10 advisor, Raymond James, to develop and explore various alternatives.

11 25. The Debtors have tried unsuccessfully to extend the terms of the existing facilities with
 12 Deutsche Bank or otherwise refinance on longer terms and possibly negotiate better terms with the
 13 subordinated debt-holders.

14 26. On June 3, 2014, Deutsche Bank sent to Veris USA a Notice of Early Termination Date
 15 Under the First Forward Agreement and the Second Forward Agreement stating that (i) Deutsche Bank
 16 did not receive the Scheduled Monthly Quantity of Gold, as such term is defined in the Purchase
 17 Agreements, since December 2013, (ii) Deutsche Bank designates June 3, 2014 as the Early
 18 Termination Date under both Purchase Agreements, and (iii) Deutsche Bank requests payment of Early
 19 Termination Amount in the respective amount of US \$12,204,978.98 and US \$77,239,320.56 under the
 20 Purchase Agreements by June 9, 2014 at 5:00 p.m. Pacific Time.

21 **IV. The Canadian Proceeding**

22 27. To preserve enterprise value and to prevent depletion of the estate, the Debtors
 23 commenced the Canadian Proceeding pursuant to the CCAA, which is Canada's corporate
 24 reorganization law. The CCAA is a federal statute that provides financially-troubled companies the
 25 opportunity to restructure their affairs. By allowing a company to restructure its financial affairs,
 26 through a formal "plan of arrangement," the CCAA presents an opportunity for troubled businesses to
 27 avoid liquidation and allows such businesses' creditors to receive some distribution for outstanding
 28 amounts owing to them, by preserving the going-concern value of the company. The Debtors believe

1 they would be unable to service and repay their debts under the Purchase Agreements and other
 2 outstanding obligations outside of a court-supervised process under the CCAA.

3 28. Proceedings under the CCAA are commenced by filing a written petition in a court with
 4 jurisdiction over the applicable debtor entity. Here, the Debtors filed their petition in the Supreme Court
 5 of British Columbia, Vancouver Registry in Canada, which had jurisdiction over the Debtors.

6 29. Proceedings under the CCAA are similar in many respects to proceedings under chapter
 7 11 of the Bankruptcy Code. However, in contrast to chapter 11 proceedings, reorganizations under the
 8 CCAA occur under the supervision of a court-appointed Monitor, an independent third-party that
 9 observes a CCAA debtor's ongoing operations and assists with formulating a plan of arrangement. A
 10 Monitor's duties generally include supervising the debtor's business and affairs, reporting to the court
 11 on major events that could impact the viability of the debtor, assisting the debtor in the preparation of a
 12 plan of arrangement, notifying creditors (and shareholders) of any meetings and tabulating votes as such
 13 creditor and shareholder meetings. In addition, the Monitor also prepares a report on the plan of
 14 arrangement that generally is included in the mailing of the plan to creditors and shareholders.

15 30. On June 9, 2014, the Canadian Court appointed E&Y as the Debtors' Monitor in the
 16 Canadian Proceeding and specifically authorized the Foreign Representative to commence these chapter
 17 15 cases. See order entered on June 9, 2014 (the "Initial Order"), a true and correct copy of which is
 18 attached hereto as Exhibit 1.

19 **V. The Canadian Proceeding Is a Foreign Main Proceeding**

20 31. As noted above, the Debtors require the protections afforded to foreign debtors pursuant
 21 to chapter 15 of the Bankruptcy Code in order to ensure the success of its restructuring and protect the
 22 Debtors' assets in the United States.

23 32. Under the CCAA, upon the appointment of a Monitor, the Monitor undertakes various
 24 supervisory duties with respect to a debtor's businesses. The Monitor has the authority to assist in the
 25 formulation of a plan of arrangement that ultimately will bind creditors to a particular restructuring
 26 strategy and also generally has authority to seek ancillary recognition orders in non-Canadian
 27 jurisdictions. Further, under the CCAA, a Canadian court can appoint a Monitor or the debtor itself to
 28 commence ancillary proceedings in other jurisdictions to protect a debtor's non-Canadian based assets.

1 In the Canadian Proceeding, the Canadian Court has appointed E&Y as the Monitor and has authorized
 2 E&Y to commence these chapter 15 cases. Accordingly, to the best of my knowledge and belief, I
 3 believe that E&Y, as an appointed Monitor in the Canadian Proceeding, is a “foreign representative” as
 4 defined by section 101(24) of the Bankruptcy Code.

5 33. Further, to the best of my knowledge and belief, the Canadian Proceeding is a collective
 6 judicial proceeding under Canadian law in which Debtors’ assets are subject to the supervision of the
 7 Canadian Court for the purpose of reorganization. Accordingly, to the best of my knowledge and
 8 belief, the Canadian Proceeding is a “foreign proceeding” as defined by section 101(23) of the
 9 Bankruptcy Code.

10 34. Moreover, to the best of my knowledge and belief, the Canadian Proceeding is a “foreign
 11 main proceeding” within the meaning of section 1502(4) of the Bankruptcy Code, as each of the
 12 Debtors has its center of main interest (“COMI”) in Canada. The official corporate headquarters for all
 13 of the Debtors is located at 900-688 West Hastings Street, Vancouver BC V6B 1P1, Canada. In
 14 addition:

- 15 a. all of the Debtors (except for Queenstake) have funds in bank accounts at the
 16 Toronto Dominion Bank, Whitehorse Branch;
- 17 b. the management of the Debtors is located in the VGC head office in Vancouver,
 18 British Columbia;
- 19 c. Veris USA management staff report directly to, and take direction from, VGC
 20 on issues affecting the operations and business activities of Veris USA;
- 21 d. corporate governance for the Debtors is directed from Vancouver, British
 22 Columbia;
- 23 e. strategic and key operational decisions and key policy decisions for the Debtors
 24 are made by senior management located in Vancouver, British Columbia;
- 25 f. the Debtors’ tax, treasury, and cash management functions are managed from
 26 Vancouver, British Columbia;

- 1 g. except for payroll functions for Veris USA, the Debtors' human resources
- 2 functions are managed from Vancouver, British Columbia and all senior human
- 3 resources staff in the United States report into Vancouver, British Columbia;
- 4 h. the Veris Gold Group's information technology and systems are directed from
- 5 Vancouver, British Columbia;
- 6 i. all public company reporting and investor relations are conducted from
- 7 Vancouver, British Columbia; the finance function for the Veris Gold Group is
- 8 conducted from Vancouver, British Columbia;
- 9 j. the finance function for the Debtors is conducted from Vancouver, British
- 10 Columbia
- 11 k. the principle debt obligations of the Debtors with Deutsche Bank are governed
- 12 by the laws of the Province of Ontario and the Federal laws of Canada; and
- 13 l. Ketza maintains a gold and silver exploration company, and owns land claims,
- 14 in the Yukon Territory of Canada.

15 35. In addition, substantially all of the books and records of the Debtors are maintained by
 16 the Debtors in Vancouver. Further, the working capital and funding needs of the Debtors are satisfied
 17 by sources of funds directed from Canada and approved by Canadian-based managers.

18 36. Moreover, both the United States and Canadian-based Debtors are closely integrated
 19 into, and indeed, reliant upon the Canadian-based Veris business. The cash management and other
 20 banking arrangements for the group of entities are integrated.

21 37. Further, the key contractual relationships of the Debtor entities are closely tied to
 22 Canada. Most of the key contracts, including the Purchase Agreements, are governed by Canadian law.
 23 Due to the integrated nature of these arrangements, the banking and financing of the Debtors' United
 24 States and Canadian subsidiaries cannot easily be separated.

25 38. As identified in the *Declaration of Shaun Heinrichs Pursuant to 11 U.S.C. § 1515 and*
 26 *Rule 1007(a) (4) of the Federal Rules of Bankruptcy Procedure*, filed contemporaneously herewith,
 27 other than these chapter 15 cases, the Canadian Proceeding is the only insolvency proceeding pending

1 for the Debtors and, therefore, is the only “foreign proceeding” with respect to the Debtors within the
 2 meaning of section 101(23) of the Bankruptcy Code.

3 39. Additionally, I understand that a statement identifying all foreign proceedings with
 4 respect to the Debtor has been filed with this Court. Accordingly, I believe that the Petition meets the
 5 requirements of section 1515 of the Bankruptcy Code for recognition of the Canadian Proceeding as a
 6 foreign main proceeding.

7 **VI. Risk of Cash Flow Disruption**

8 40. Other than Deutsche Bank, the Veris Gold Group primarily relies upon a single gold
 9 purchaser (Auramet), who historically has provided the Veris Gold Group with payments on a “net 10”
 10 basis—i.e. the Debtors have up to ten (10) days after payment to deliver the gold. However, if there is
 11 a risk that Deutsche Bank will seize the gold during the period between payment and delivery, then
 12 Auramet likely will not continue to make payments on a “net 10” basis and instead will insist on “cash
 13 on delivery” or even cash up-front terms. Even if the Veris Gold Group and the Monitor could find
 14 another purchaser willing to provide more favorable terms (which would be unlikely under the threat of
 15 a Deutsche Bank seizure), I believe that it would take several days (if not weeks) to source and
 16 negotiate the terms of an alternative purchasing arrangement. Therefore, I believe that the mere threat
 17 of Deutsche Bank seizing gold will cause severe cash flow disruptions for the Veris Gold Group.

18 41. If the Veris Gold Group’s cash flow is disrupted even for a short amount of time, then
 19 there is a significant risk of a cascade effect that would threaten the Veris Gold Group’s viability and
 20 enterprise value.

21 42. The operations of the Veris Gold Group cannot be maintained without its workforce and
 22 several key providers of supplies and services. These key suppliers and service providers can generally
 23 be described as:

- 24 a. reagent suppliers
- 25 b. mining contractors
- 26 c. utilities
- 27 d. fuel suppliers
- 28 e. coal suppliers

1 43. Many of these items recur on a weekly basis, such as the need to purchase supplies like
 2 cyanide, fuel, cement and soda ash. These supplies (and others) are crucial to maintaining the Debtors'
 3 operations—without cyanide the Debtors cannot strip gold from carbon in the milling process, without
 4 cement the Debtors cannot backfill and support the mines, without fuel the Debtors cannot move
 5 products in and out of the mines and run generators, without soda ash the Debtors cannot smelt the gold,
 6 and without employees the Debtors cannot operate.

7 44. The Veris Gold Group is aware that a number of its key suppliers may suffer serious if
 8 not irreparable financial hardship if those suppliers do not receive timely payments.

9 45. The Veris Gold Group will work with the Monitor to identify a list of suppliers that are
 10 key to the business and to the continued operations of the Veris Gold Group.

11 46. In doing so, the Veris Gold Group and the Monitor will consider various factors in
 12 determining these key suppliers. These factors will include the importance of the supplier to the Veris
 13 Gold Group's operation, the nature of the goods or services supplied and whether there are alternative
 14 supply sources, the ability of the supplier to remain in business or continue normal operations if not
 15 paid, the ability and the likelihood that the supplier may delay or otherwise restrict supply and services
 16 in the event of non-payment, the volume of the goods or services supplied, potential for disruption to
 17 the Veris Gold Group's operation if supplier delays or fails to expedite supply of goods or services
 18 pursuant to their existing contracts, the ability of the supplier to maintain a possessory lien on the
 19 property and the amount the Veris Gold Group currently owes to each supplier.

20 47. It is my understanding that a stay of proceedings may require suppliers to continue
 21 supplying goods and services but will not allow the Veris Gold Group to require expedited supply from
 22 its suppliers or require suppliers to extend credit. Furthermore, it is my understanding that without
 23 approval from the Court, amounts owing to suppliers representing pre-filing debt cannot be paid.

24 48. As a result of these unique circumstances, the Veris Gold Group is seeking approval of
 25 the Court to allow it to pay certain pre-filing amounts but only with Monitor approval. I understand that
 26 a number of the Veris Gold Group's key suppliers are in a fragile financial state and that any stay of
 27 proceedings that results in these suppliers not being paid certain pre-filing amounts outstanding could
 28 result in these suppliers suffering financial distress and an inability to supply even if ordered to do so.

1 49. The Veris Gold Group relies on an extensive interwoven network of suppliers and
 2 service providers to ensure the continuance of its business. A number of these suppliers, particularly
 3 those in the USA who may not be subject to the terms of this Order, may insist upon payment of
 4 amounts owing from the Veris Gold Group prior to the Veris Gold Group obtaining CCAA protection
 5 (if said protection is granted) or, if unpaid, will likely require a continuing supply of cash on delivery
 6 terms to continue to supply, which, owing to the nature of the business, are either extremely
 7 cumbersome or simply not tenable.

8 50. For a number of suppliers, given the quantity of product and the general delivery
 9 process, cash-on-delivery arrangements may be unworkable. The amounts to be paid to the suppliers
 10 can often only be established once the product has arrived at the mine. The payment of certain pre-
 11 petition amounts (if consented to by the Monitor) will permit the Veris Gold Group to make
 12 arrangements with the suppliers that will ensure the continuation of supply. The Veris Gold Group
 13 intends to rely upon those suppliers with which it had contracts that were entered into prior to the filing
 14 of the Petition.

15 51. The Veris Gold Group requires the ability to pay certain pre and post-filing payables to
 16 those suppliers it considers essential as confirmed by the Monitor. In the event the Veris Gold Group
 17 encounters supplier issues post filing, the Veris Gold Group, with the approval of the Monitor, may
 18 enter into arrangements with other suppliers which could involve some pre-filing payables. The Veris
 19 Gold Group is aware of the potential prejudice to other creditors for making these payments and intends
 20 to keep them to a required minimal level. However, this proposal is specifically designed to maintain
 21 efficient operations.

22 52. The Veris Gold Group believes a combination of a reduced debt load and additional
 23 equity would see Veris Gold Group being put back on a solid financial footing.

24 53. Because the Veris Gold Group's constant need to maintain their workforce and obtain
 25 supplies implicates safety, environmental and regulatory concerns, even a brief disruption in the Veris
 26 Gold Group's ability to fund these crucial expenses could shut down operations. Due to the nature of
 27 the particular regulatory, environmental and other factors that are involved in the Debtors' mining
 28 operations, once a shut-down occurs I believe that it it could be difficult or impossible to restart

1 operations. Thus, I believe that a disruption in the Debtors' cash flow, thereby resulting in a disruption
 2 in the Debtors' ability to fund key operating expenses, could immediately and catastrophically destroy
 3 the Debtors' going concern value to the extreme prejudice of the Debtors' creditors. I believe that the
 4 same is true with respect to other collection remedies that Deutsche Bank might attempt to exercise
 5 against the Debtors' mining operations and related assets.

6 54. In order to avoid possible enforcement proceedings by creditors, and other potential
 7 events that could harm its business, Veris Gold Group requires the protection afforded by a stay of
 8 proceedings to permit it to implement a restructuring for the benefit of all stakeholders.

9 55. The Veris Gold Group believes the best way to preserve enterprise value for the Veris
 10 Gold Group and its stakeholders is for an Initial Order to be granted and a restructuring to be pursued
 11 through a plan under the CCAA.

12 **VII. Proposed Monitor**

13 56. The Veris Gold Group has retained Ernst & Young Inc. ("E&Y") to act as the Monitor in
 14 this CCAA filing and to assist the Veris Gold Group in both understanding the CCAA process and
 15 preparing a Plan.

16 57. Subject to Court approval, E&Y has consented to act as the Monitor of the Petitioners in
 17 this CCAA proceeding and, in my view, is a fit and proper organization to do so.

18 58. At no time in the past two years has E&Y or any of its partners or managers been the
 19 Veris Gold Group auditor, accountant or employee of the auditor, accountant for the Veris Gold Group.
 20 E&Y is independent from the Veris Gold Group's financial advisor, Raymond James.

21 Cash Flow Forecast

22 59. Veris Gold Group with the assistance of the proposed Monitor has prepared a cash flow
 23 forecast through September 5, 2014 (the "Cash Flow Forecast"). Attached as Exhibit "2" is a copy of
 24 the Cash Flow Forecast.

25 60. As set out in the Cash Flow Forecast, (a) the primary source of Veris Gold Group's
 26 working capital is gold sales, and (b) Veris Gold Group's principal uses of cash during the next thirteen
 27 weeks would consist of payment of ongoing costs of day to day operations and professional fees and
 28 disbursements in connection with the CCAA proceedings.

1 61. I have reviewed the Cash Flow Forecast with the Monitor. I believe that the Cash Flow
2 Forecast is reasonable in the circumstances and I also believe, based on my discussions with
3 representatives of the Monitor that the Monitor is of also of the view, given the information provided by
4 Senior Management to support the Cash Flow Forecast, that the Cash Flow Forecast appears reasonable
5 under the circumstances.

6 62. Based on the Cash Flow Forecast, absent precipitous action by Deutsche Bank, I believe
7 that the Veris Gold Group's mining operations are stable and I do not believe the Veris Gold Group's
8 assets are not in any other imminent danger of losing significant value.

9 **VIII. Interim Financing**

10 63. In light of the Cash Flow Forecast, interim financing is not required at this time.

11 Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury under the laws of the United
12 States that the foregoing is true and correct.

**Notes and Assumptions to CCAA Cash Flow
For the period June 9, 2014 to September 5, 2014 (the "Forecast Period")**

Disclaimer:

In preparing this cash flow projection (the "Projection"), the Petitioners have relied upon unaudited financial information and the Petitioners have not attempted to further verify the accuracy or completeness of such information. The Projection includes estimates and assumptions discussed below with respect to the requirements and impact of a Companies' Creditors Arrangement Act ("CCAA") filing. The Projection is based on the probable and hypothetical assumptions outlined below. Since the Projection is based on assumptions about future events and conditions that are not ascertainable, the actual results achieved during the Projection period will vary from the Projection, even if the assumptions materialize, and such variation may be material. There is no representation, warranty or other assurance that any of the assumptions, estimates, and/or forecasts used in the Projection will be realized.
